A new workforce development program

WHAT WE DO

Founded in 2007, Translatina Network (TN) is made up of trans individuals and allies working locally and nationally to promote the healthy development of the LGBTQ community, with an emphasis on transgender Latina communities. Through the delivery of a wide range of information about services and events, educational outreach, and capacity building resources, TN supports individuals in maintaining personal wellness and developing leadership skills. This work also allows for the creation of safe and productive spaces for all gender identities free of oppression and discrimination.

ABOUT FORWARD

FORWARD is TN's workforce development program for our immigrant and otherwise under-documented community members. Through the FORWARD program, Translatina Network pairs TGNC adults with the documentation, skills, and knowledge they need to successfully access sustainable jobs and employment. We can provide eligible community members with assistance connecting to legal services and culturally-sensitive workforce training.

WORKSHOPS & EVENTS

Call us or visit our website & social media pages for an up-to-date list of current and future programmatic events. We are proud to support our community's development and education through ongoing legal education and workforce groups.

GET CONNECTED

You can find Translatina Network at various events and functions throughout NYC. We would love to get to know you, so please feel free to reach out us at HQ office at 127 West 26th 2nd Fl. New York. NY 10001, or calling us (646) 882-2000
